Hey im in the same place as you, i just want to inform you that that's the best no cd crack on the planet, i used it, and you know what, it works fine, you dont need power iso, it's perfectly fine on any windows pc, and unlike other no cd crack that wont patch your game to the newest version, it's the real no cd crack. how do i know? well i tried out all other cracked versions that are available on the web and they dont work, i was waiting for this one, (i tried to get the.n64 version) but they didn't work, those isos patched the game to 1.0.26, which is not the newest version (1.1.640), it does the same thing as the no cd crack. only the no cd crack works, if you get another version, it will do the same, so basically this no cd crack is the real one, and i'm 100% sure it's the best and official no cd crack on the web.
