rar attempted to go after lumiya after leaving the asteroid. ruling that he could not act on his own to kill lumiya, rar broke off to assist jaina solo. after firing several shots at her opponent, the twi'lek engaged lumiya and, with her lightsaber, killed her enemy. she then flew back to the asteroid and reunited with the others. [1] she took control of a ship and departed for the leshak system. along with raynar thul and zekk, rar learned that they would rendezvous with corellia with a yvh s-series battle droid. the vessel, which was named vengeance after a vessel controlled by a powerful jedi master from the previous era, left orbit and departed to rendezvous with corellia's planetary capital. on corellia, the team was met by kaspan erso, who activated the droid to destroy her enemies. the droid proceeded to kill all of the jedi and of fel, who had become disaffected with ralroost's destruction of the jedi temple. kaspan erso was killed in the process, but the team escaped the droid. a mysterious voice informed zekk that a dark presence still loomed behind them. without replying, zekk continued on, determined to rescue jaina. following their departure, alema rar, who had been directly affected by the voice, felt that it was a sign that she needed to continue. after arriving on the leshak system, the team took part in the battle of leshak, where they were ordered to watch the main fleet attack and destroy a yuuzhan vong battle fleet. after the battle, rar's ship was taken by the vong. ## V6 - TAKE ME HIGHER.rar

unknown to the jedi order, however, an assassin, hired by lumiya, had been working against them. the assassin, now equipped with an implant, had continued to function in spite of the danger, but that danger was now averted. [8] the jedi order, therefore, released her, as they felt that her threat to them had been neutralized. [8] with rar staying at kashyyyk to recuperate from the injuries inflicted on her by kyp durrion, her mission to infiltrate the jedi academy was halted. nevertheless, rar was able to collect information on karrde's private holdings, which had been abandoned in the yuuzhan vong war, and so provided solo with yet another foothold on the planet's surface. [3] once rar recovered, solo proceeded to ossus and set about rebuilding the jedi academy. [3] rar, meanwhile, set about recruiting the children of the students who had vanished with zonama sekot. the efforts of rar and the others were successful, and by the time solo returned to kashyyyk, the academy was once again operating as before. various attempts at infiltrating the academy were foiled by the jedi sentinel guards, but two accomplished young masters were able to capture jaina solo. rar was able to use the implant of the assassin to contact her sister, and to learn that the contact had been made. the names of the jedi masters who had captured jaina, and their current whereabouts, were also given to the twi'lek.
